

Parish Pastoral Council

Summary for September 27, 2016 Meeting

After beginning the meeting on September 27, 2016 with prayer, praise, and worship, the Pastoral Council was introduced to our teaching parish seminarian, Jhonatan Sarmiento, who attended the meeting to observe the business and administration side of parish life. Fr. Jim led a discussion on the functionality of the Pastoral Council and the ways it can be effective in helping live out our parish mission and support Fr. Jim, which was followed by a time of prayer. The Time and Talent process and items related to small maintenance projects, such as new lighting and flooring, the furnace replacement, and the progress of the road construction project on Bunker Lake Blvd and Eveleth St, were among other topics addressed.
